Purple vs Red

By kittykat007

I have the original purple booklet published by Dr, Westman. I lost 37 pounds following the diet in the original book. I was excited to be notified that a new Red booklet was out by Dr. Westman. I ordered it thinking there would be a host of new information. It was the same exact great information with a few additions that do not change the original diet. So with that said, order the 2nd booklet and you will have all that Dr Westman has to offer. There is no need to order both.

Keep Calm & Keto On!

By Silly Girl

Well worth the \$5, of course you can get all the info from the video on Youtube, but it is nice to have it in your hands to read over. Love Eric Westman & all the Ketogenic voices in the community!

Terrific resource for my patients

By buck's dad

As a psychologist, this book has enormous value, and welcomed simplicity, for many of my clients. It is an easy resource for me to give to people. I have myself followed this approach, lost 20% of my body weight (50 pounds), and am keeping it off. This works. It is NOT a detailed book. It is a handy reference for the first reader. If you're serious about weight loss, buy, and then follow, this.
