Four Stars

By Tanya

The book was in great condition and included all necessary information.

0 of 0 people found the following review helpful.

Pretty Great

By Amazon Customer

No nice condition for a used book with the exception of the pages for chapter review missing for most chapters. Thank God, my instructor decided not to grade those. The book is rather decent for my CMA class. I actually us this book compared to my CNA textbook which wasn't worth the paper it was printed on
