Good foreign languages study material

By DMM

I am a big fan of assimil courses and philosophy, I have learned by myself English and French to a fluency level, and now I'm working on German and Polish, Assimil is a really comprehensive material and while the approach is intuitive every lesson is carefully designed to a very professional level. Unfortunately I did not receive the cd's for this course and had to send it back to the seller. I'm looking forward to order it again to keep it up with Polish.

pozdrawienia!
