Excellent English Riding and Dressage Reference

By jsr

I ride English. This book is a tremendous asset to my reference library and is beautifully illustrated. It's very detailed and tailored for the motivated beginning rider that would like to deepen their knowledge of English balance seat, eventing, and dressage.

At the end of each chapter, there is an extremely helpful troubleshooting chart with solution suggestions for you to try. Everything from horse evasions, refusals & horse behaviors, optimal postures, and even conquering your own fears as a rider.

This book is intended as an accompaniment for a student actively taking lessons.

What is not covered in here is Western style riding, steeplechase, horse racing, grooming, and polo. I would

like to see a book like this covering those subjects though! I was considering buying other books to add to my equestrian library, but my instructor and I find this one to be extremely complete and accurate.

I take lessons with the people that wrote this book, Getting the Most from Riding Lessons (Horse Wise Guides). I suggest looking into this book as well.

3 of 3 people found the following review helpful.

daughter loves this book

By mom

My daughter wanted the DK Horse Care book and I saw this one as well. She loves both! Great pictures and detail. Would definately recommend both.

2 of 2 people found the following review helpful.

Do Not Miss!

By Pat

Covers the gamut. New ride to advanced. As you grow, the book stays pertinent. I use it (beginner) and my instructor still uses it. Wonderfully clear with lots of pictures.
