Navigation is horrible

By Now Voyager

My low rating of this E-book is not about the text, which I enjoy (With the exception of the author's insistence upon using the modern name Jesus in the New Testament rather than the conventional names such as Yeshua, or Yeshu as is found in the Talmud). Rather my dismay is about the abysmal search capabilities and the fact that it crashes my Android with frequent searches...thus necessitating closure of the application. I have a powerful phone with tons of available resources. But, this program crashes it (which no other program has done in the year that I have owned it!).

My other perplexity with this ebook is its searching convention. You'll have to guess what that is from book to book i.e. Genesis is GN but Matthew is MT. So, Peter must be PT, right? WRONG! And Ezekiel must then be Ez or Ek right? WRONG! It is EZK! . And then if you are lucky enough to actually get a desired search result, and it happens to be in the middle of the text (not near the beginning of the chapter) other than the numbers within the chapter, there is NOTHING to indicate where in the book you are! There are no chapter identifiers per page. You will have to know by osmosis that Location 24393 is Ezekiel 42 verse 4. I obtained this information having searched for Matt 17:14 unsuccessfully and landing in Ezk 42! Since I wanted to check my location, I had to flip pages until I came to a chapter heading. Don't ask me HOW I landed in Ezekiel!

Frustration doesn't begin to describe navigating this text which would otherwise be a JOY to read. Unfortunately, this will be a deal-breaker as to whether I use this text any further. NOTE TO AUTHOR: Ease of use is key in an app.

Only ebook I cannot access.

By wanda brown

I can never get to the chapter I need. (i.e. I wanted to look at Psalm 1. When I tap on Psalm 1, nothing happens. It freezes up. I have yet to get to what I want to read/study. This is the only ebook I have problems with. I usually end up closing out Kindle because I can't do anything else. I then have to wait a while to go back into Kindle to close it out) I enjoy the paperback New Testament. I purchased this so I can have the complete book but to no avail. Will this ever be fixed? If not, I'm removing it. Would like to get the complete text in paper or hardback whenever available again.
