Dirty Bad Box Set By Jade West How an easy suggestion by reading can improve you to be an effective person? Reading Dirty Bad Box Set By Jade West is a really easy task. Yet, how can lots of people be so careless to check out? They will like to spend their spare time to chatting or socializing. When as a matter of fact, checking out Dirty Bad Box Set By Jade West will provide you more opportunities to be effective finished with the hard works.

Right here, we have various e-book *Dirty Bad Box Set By Jade West* and also collections to review. We also serve variant kinds and kinds of the books to look. The enjoyable publication, fiction, past history, novel, scientific research, and also other sorts of publications are available below. As this Dirty Bad Box Set By Jade West, it comes to be one of the favored publication Dirty Bad Box Set By Jade West collections that we have. This is why you are in the best site to view the remarkable e-books to have.

It will not take more time to obtain this Dirty Bad Box Set By Jade West It won't take even more cash to print this book Dirty Bad Box Set By Jade West Nowadays, people have actually been so wise to use the innovation. Why don't you utilize your device or various other tool to conserve this downloaded soft file e-book Dirty Bad Box Set By Jade West Through this will allow you to always be gone along with by this e-book Dirty Bad Box Set By Jade West Of program, it will be the very best friend if you read this book Dirty Bad Box Set By Jade West up until finished.

DIRTY BAD BOX SET BY JADE WEST PDF

The first three Amazon Top 100 books in the Dirty Bad Series - Dirty Bad Wrong, Dirty Bad Savage and Dirty Bad Strangers - now available in one volume!

Bonus content - read the first two chapters of the next in the Dirty Bad series before release

**Warning - these novels contains graphic sex, and hardcore elements of BDSM. There are scenes of violence (consensual) as well as sexual practices some readers may find offensive.
If you aren't turned on by dirty bad wrong sex then please walk on by. Thank you.***

Dirty Bad Wrong

They call him Masque.
I call him God.
The man I want to consume me, own me,
break me and corrupt me.
Yet I've never seen his face.
His body ripples like an Adonis, sculpted in steel and
dripping in sin. His flesh is inked with the mark of the
chimera - one body, two very different halves.
He plays hard.
He plays rough.
He has no limits.
He's so fucking dirty bad wrong.
But I love him for it.

Lydia Marsh is always the strong one. The girl who never breaks, and sure as hell never cries. She's got it all - the perfect little life in cosy suburbia, with her perfectly nice boyfriend, and their perfectly sufficient sex life. She's even got her perfect little career plan all wrapped up at Trial Run Software Group.

But when it all falls apart, and Lydia's pretty, green eyes are fixed on a brutally sexual stranger - the man they call Masque - she comes to suspect that being strong isn't all it's cracked up to be.

For now Lydia wants something she's never wanted before...

And she wants Masque to give it to her.

Dirty Bad Savage

They say Callum Jackson's a savage.
No home. No prospects. No self-restraint.
He's red-flagged on my system, a grade-1 aggression risk, totally off limits for a woman like me.
But the rules don't allow for my dangerous games; they don't bend for my twisted desires.
Callum Jackson is the most beautiful beast.
A beast I can't stop thinking about, can't stop wanting, can't stop hunting...
...I just pray to God this beast bites.

Sophia Harding runs a tight ship. She may work in the dregs of housing association slums, but her patch is on the way up.
Anti-social behaviour is down, employment is on the rise, and she's even been shortlisted for estate manager of the year.
It's looking good. Really good. Until Callum Jackson completes his jail time and lands right back on her doorstep.
She could do without a guy like him on her books: a failure of the system and a pain in the fucking ass.
She should tick the boxes, do her job and keep her distance – that's what the handbook says. The handbook says no one-on-one contact, no at-risk situations, no direct confrontation of any kind.
But the handbook doesn't know of her craving for hardcore submission.
The handbook has no fucking idea how she yearns to unleash Jackson at club Explicit, where his savage can really run wild.
The handbook doesn't know shit...

Dirty Bad Strangers

He calls me his dirty girl.
He's just a caller, a sex line client, an anonymous pervert like all the others.
Except he isn't.
He's under my skin... his voice, his laugh, his twisted fantasies.
He wants to watch me with other men. Lots of other men.
He wants me blindfolded and bound and taken by strangers until I'm a used-up mess.
Then he wants to take me himself.
I should hang up, report him to my supervisor.
But I won't. I can't...
... because I want him, too.

Gemma Taylor was born to be a chatline operator. Her filthy mouth and a filthier imagination make her hot property on sex chat. The hours are great and the money's even better. She's onto a good thing; finding her feet in the big smoke of London with Until he calls.
The rules of chatline are clear: no personal information, no breaches of confidentiality, and absolutely no other forms of communication of any kind.
So why is she giving him her number?

Best Box Set Ever!!!

By My Guilty Obsession Book Blog

Wrong review - The title says it all!!

My first thoughts when I read the synopsis was, how dirty bag wrong could it be? First let me say, this is a BDSM book but it blows 50 shades out of the water and it is not for the readers that flinch when a flogger or paddle is introduced or the thought of being pain actually being enjoyable during sex. There were many times while I was reading this book that I felt myself become intrigued and embarrassed at what I was reading but still I couldn't stop reading - it was so wrong and so right on so many levels. It's a story of discovering, learning, yearning and becoming. A story of a woman who discovers a world she's only read about, learning about who she really is deep down inside, yearning for a man that is almost unobtainable and becoming someone she never thought she would be in a million years. The Dom in this book is not exactly as dominate as some I've read about, however, he acts like a Dom who is looking for nothing more than a submissive or 5. He himself is still discovering, learning, yearning and becoming. Lydia and James have both been put through the ringer, both coming from previous soured relationships and both looking for the calm in the storm. What they both discover is so much more than either one of them could expect.

The writing is different, the lingual refreshing and I could almost feel myself being transported back to England. I most definitely can not wait for more from Jade West!!

Savage review - You think you know what you're in for because you read Dirty Bad Wrong, think again!! Jade West has once again outdone herself and I can't wait to read more from this fabulous and amazing Author!! xoxoxoxo

When I read that Jade was going to release another book, I was beyond ecstatic!! If you have read Dirty Bad Wrong, then you know exactly what I'm talking about - if not, I suggest you get it now!! I do highly suggest you read DBW first since some of the people are present in DBS. Jade writes dirty, dark and unique story lines'. I have never read anything like Dirty Bad Wrong or Dirty Bad Savage and let me just say, the titles' say it all. ♦ WARNING: Both books are not for the faint of heart or the squeamish. ♦

Dirty Bad Savage, wow, were to begin? I finished it 2 days ago and haven't been able to pick up another book, which sucks for me because I have 6 that need to be read & reviewed but yay for Jade, because that just shows you what this book did to me. Although, in the beginning, I had a hard time with the dialogue, I quickly adapted. There is a scene that has stuck with me and at first, I was a little perturbed but after some thinking, I understand the artistry behind Jade writing that scene, just hope you will too. The female/male characters' are night & day, developed, realistic and rare. The scenes are dirty in so many ways, wrong but right and savage beyond belief. There's even a guest appearance and oh m gee, he's not changed one bit ;)

Strangers review - If I could give 10 stars, oh wait I can - 10 F'ING stars for Strangers!!! Jade has once again out done herself!! This book has surpassed everything I was thinking it would be and then some.

Just when I thought she couldn't make them any dirtier, here comes Gemma & Jason. I'm not sure there's anything I could say that would do this book justice. In true Jade fashion, she takes filthy to a whole other level. If you've read Dirty Bad Wrong and Dirty Bad Savage, get those story lines' out of your head because you haven't seen anything yet. Gemma makes me want to embrace my inner dirty girl and step out of my comfort zone in the bedroom...lol. Strangers is nasty, gritty, brilliant and of course, oh so freaking dirty!!!

I applaud Jade for giving us so much more than an erotic story. What may not be acceptable to some is powerful and beautiful for others and this story tells of that and so much more. **Most definitely heed the warnings**

A great deal! I have loved the Dirty Bad Series

By Mama Vicky

DIRTY BAD WRONG:

So...I bought this book when it was just released, but never plucked up the courage to read it until now, and I must say, I'm glad I finally read it. This book was fantastic to say the least. My hesitation came from the fact

that I was worried that the book would be all about dirty, bad, wrong kinky sex, but, I needn't have worried.

I LOVED that Dirty Bad Wrong wasn't about sex. It was about two people, James and Lydia, coming to terms with their wants and their desires. It was about them finding value in themselves. It was about them owning up to their true selves. It was about them finding each other. It was about them learning how freeing love can be. Here's one of my favorite lines from the book: "I learnt it's ok to let go, it's ok to be weak, it's ok to cry...I've learnt it's ok to f*cking trust someone, James! That there's something out there worth taking the risk for!" Isn't that just perfect!?

Ms West sure has a way of pulling you into the story - even, seemingly, without your permission. She writes beautifully and wonderfully. And the British colloquialisms sprinkled within? Priceless

This book was amazing and beautiful on so many levels and the feels, oh the feels!, this book gave me much of them. From the beginning I was sucked into the story. I was rooting for these characters - despite the odds stacked against them. And the supporting characters? Fabulously written, each with their own spotlight, yet not overshadowing or overpowering the main characters.

To say that Dirty Bad Wrong has quickly become one of my favorite reads of 2015, is an understatement, and I will definitely be rereading it again - especially when I need to smile.

Even though this was Ms West's debut effort, she shone brilliantly and I can't wait for Dirty Bad Savage which comes out June 9. Definitely can't wait.

DIRTY BAD SAVAGE:

OMG! I am just so speechless! I don't remember the last time I read a book so fast in my life. This book was perfection. I mean, I am just lost for words! Jade West, once again, proves that she is a master story teller. This is her second book, and honestly I can't pick a favorite. Both were AMAZING!

Now back to "Savage" and its characters.

Let's start with Callum. He was so sweet - underneath his gruff exterior – truly and absolutely! He's not had the best upbringing but makes do the way he knows best. So many times, my heart broke for him. I just wanted to hug him and rail at the system and say "why aren't you doing something!?" I already mentioned that he was sweet, but in addition to that, despite the fact that he was rough around the edges, he was kind, compassionate, loving, talented, sensitive, etc. He was just an all-around great guy dealt a sh*tty hand in life.

Sophie. She's a product of money, but she's not your regular kind of daddy's rich girl. She's compassionate and kind and tries to make a difference in her own little way - despite the odds stacked against her. She is strong, and knows her own mind, but...despite this, she's still somewhat "confined" by expectations and familial pressure. Underneath her proper exterior beats the heart of an unconventional woman. She was a perfect complement to Callum. She had the biggest, caring heart which was just what Callum needed.

I can't say much more without giving the story away, but just prepare to have your heartstrings tugged. Now, you don't need to read Dirty Bad Wrong to get into this book - but I'd advise you to read it all the same. It was a bloody fantastic book and so you shouldn't even hesitate.

As always, in her books, Jade tries to impart little life lessons to us readers, and this was no different. One of the lessons to be learned from this book is that we are each so much more than our backgrounds - rich or poor. Sure some people have it easier than others, but in the end, we are all human beings and should each be

treated with respect.

And for those of us who have it easy, we should not just focus on ourselves and our enjoyment. We need to realize that there are others out there suffering and we should do EVERYTHING in our power to help them out - while retaining their dignity. Sometimes, all it takes is a kind word, a willingness to stand alongside them and let them know that we believe in them and their dreams. The point is: we can make a difference AND we should!

Before ending this review, I would be remiss if I didn't mention that I loved catching up with Masque and Lydia and seeing their love for each other grow. Raven, as always, was a hoot and so amazing in this book.

I said it before, and I'll say it again, this book was an amazing read and I HIGHLY, HIGHLY recommend it!!!

DIRTY BAD STRANGERS:

4.5 stars!

In the tradition of the Dirty Bad series, there is a lot of kinky sex in this book. To me, this was the "dirtiest" of them all. He he. But they were still fabulous and a turn on.

At any rate, as with all of Jade's books, it's not all about the sex. It's about being free to love what one loves (so long as no one's getting hurt) and being comfortable in one's skin. It's about loving oneself and not giving a flying fig what anyone else says.

I won't lie, I wasn't so impressed with Jason given that his persona on the phone was much more different than his "in real life" one. However, this was very hypocritical (and judgmental) of me, as this is the norm for the majority of us. That being said, Jason was pretty much a regular human being. However, I was very glad when he finally stood up for himself and those he loved.

Gemma was a gem (ha ha ha). She loved herself and didn't care one whit about the opinions of others. She loved what she loved and was rewarded in the end. She is a very strong heroine and we all could learn from her.

All in all, this was another great hit from Ms West. I was definitely glad to see Cara in a leading role, and was disappointed, however, that my beloved Callum made no appearances *insert ugly sobbing cries here*, however, Masque (James) was here, so at least my heart was appeased some.

If you don't mind your sex dirty and kinky (or at least don't mind reading about it that way), do yourself a solid and pick up Jade West's books. You'll be glad you did.

Great job Ms West!

A Dirty, Bad Box set of perfection! 5 Huge filthy stars!

By Louise Seraphim Reviews

Dirty Bad Wrong Review:

Wow, that was one hell of a whirlwind of dirty, bad and wrong stuff, all wrapped up in an additively good package.

Well the blurb alone had me wanting this book huge amounts. I absolutely love boundary pushing content, and stories, and get stupid excited when another one is talked about.

This book seemed to rock my newsfeed when it first came out, but as per usual I couldn't read it, as I had so many others to read first. But finally I managed to get started, and I literally could not put it down!!

Lydia Marsh is at the end of an epically bad relationship, and she had reached her limit when awfully boring, and dull boyfriend, decides to get drunk and nasty with Barbie from work. Then thinking he has got her pregnant, spills all to Lydia. Lydia wisely bolts, and fast.

While at work, she realises how crap her life is, and is spotted having a breakdown in the kitchen, by gorgeous, dark and totally mysterious hottie from management. James.

This sparks off an epic battle of wills from the pair of them. It's obvious they are stupidly attracted to each other, but Lydia is post break up, and James is, well he is completely wrong for her, and does not get involved with work colleagues. Ever.

So this all sounds like a regular story right? Wrong, dirty, bad, wrong.

So, Lydia needs a place to live, James has a friend in need of a flatmate. Lydia takes it and meets Becs. Awesomely quirky, funny, and perfect character Becs.

It's upon moving in with Becs, and meeting her girlfriend/submissive. Lydia begins to learn about a whole other world, that lives in the dark. A world where pain can be good, and bring on pleasure. A place where she can learn to free herself, and be herself, and fully enjoy life.

But I'm really at a point where I can't summarise anymore, I don't want to potentially spoil anything. And it really does go on a crazy roller coaster ride from here on in.

So I'm just going to give my thoughts on this story.

Firstly, the characters are all fantastic. I loved James and Lydia. He is obviously incredibly in control, full of secrets, and hides a side to him, that is actually pretty scary, but in a really good way.

Lydia starts off really lost, and I wondered what she would actually end up like, once her character developed. But, I really loved her, I loved how eager she was to try anything, and didn't shy away from anything. She had balls of steel in my eyes, and I actually admired her strength, on so many levels.

I've already said I love Rebecca (Becs) she was an incredibly good characters, dead funny, sexy, and brings stupid amounts of colour and excitement to Lydia's life.

So the background. Explicit is the club, where Lydia finds out a lot about herself and her limits, what she wants, and who she wants. It's the home of many characters, and where we find Masque. There isn't a great deal I can say about him, he is most definitely a character, that needs to be experienced for ones self. And uh yeah, he actually scared the crap out of me, and shocked me silly. And I like to think I'm pretty unflappable. He really is like the title states, incredibly Dirty, Bad, Wrong. Obviously sexy, powerful, Dominant to the extreme, and knows what he is doing, but hell if I would let him have free reign over my body. I would definitely run a mile, and not look back.

The writing, and content. Well I thought this book was incredibly well written, I couldn't put it down, and nearly pulled an all nighter on it. I had already read about author Jade West, before I started reading this, and was aware that she has the experience to back up the content of this story, and in my mind I think that stands

out. I read a lot of books within this sub genre, and running around these types of themes, and you can tell the difference between good ones and bad ones. It's obvious that JW knows her stuff, and isn't just pulling info off the internet. The detail and background on this story, is incredibly thorough, nothing is skimmed over, and the reader can fully get lost in the incredible atmosphere. The tension within the words, is immense, I actually felt nervous while reading some parts, never knowing how far things would go, or what would happen next. But that was awesome, and I loved it.

Have to make a point of course, about the fact that this is a book based in the UK!! Whoop for UK based books, I never find many, and it really makes a huge difference, to picture places I have heard of, or to imagine characters with accents I know. Plus it's quite exciting to think of other places, existing quite close by. But hidden away.

So, to round up. Fantastically good story. Great background. Gritty and intense content. Most definitely heed the warning on this book, it really isn't for the faint hearted, some of the content even surprised me, and I'm hard to surprise. So yeah, be warned. But other than that, amazingly good! Stupidly great ending too, which was awesome! I felt completely satisfied with the ending, and did the normal happy sigh. I actually thought this was a story that was being continued in book 2, so it was quite a surprise to find it was a standalone. But still, I'm so excited for the next book now.

5 Huge Dirty, Bad, Wrong Stars!

Dirty Bad Savage Review:

Wowwww!! This book has seriously kick started my slacking reading speed.

I have been in a book funk for a while, and it was taking me ages to get through books, that normally I would of flown through. I just couldn't pick up the pace, or become more gripped by the story. Not saying they weren't good books, they were, they just took me ages to read.

Then along came Dirty Bad Savage. I had come across Dirty Bad Wrong quite late on from the release hype, so by the time I read it, there was only a couple of weeks, until the release of this next book.

I was still buzzing over the unique, sexy, and clever plot of the first book, so I was MORE than ready for what was coming next.

This time, the story is about beautiful and conservative Sophie. She comes from family money, but works hard at the job she loves. She is in charge of trying to sort out, one of the roughest, and most troublesome, dangerous housing estates, in London. She does it because she is good at it, and she has balls of steel. You need it with the inhabitants of this housing area.

Fresh out of prison, Callum Jackson is back on the estate, and not exactly welcomed home. All he is concerned with, is getting his dog back, and keeping his head down. Except that's not possible around there. He is already in fights and trouble within minutes of arriving back. Plus his loyalty to his friends, has him taking on debts that aren't even his.

Sophie and Callum cross paths pretty early, and Sophie gets a brutal and raw vision of what Callum is capable of. She sees Callum in a fierce street fight, with one of the resident trouble makers, and she is obviously shocked. Yet watching him, she also feels something else.

Sophie ends up helping out Callum. She feels a curiosity towards him, that she doesn't understand. He seems to spark her secret kink for rough, hard, and brutal pain.

Dirty Bad Savage is connected to the first book Dirty Bad Wrong, through one main thing. Explicit, the BDSM club. We learnt about this club in the first book, and all the regulars who frequent it.

Now this time, it would seem Sophie is one of the members, but also one of the sub's that used to play alongside Masque, the epic character from the first book. But Masque no longer takes on other subs, now he has Cat, and Sophie is lost. Nobody does for her, what Masque did, and she can't seem to find relief.

Yet, seeing Callum at his most raw and 'Savage', Sophie can see something in him. All the anger, and savage raw energy. He could do for her, what no other man seems to be able to, since Masque. Of course it's forbidden, Sophie has her work and position to think of. She tries to put him out of her mind. But it's impossible, and through a sequence of very sexy, and very tense moments. They seem to end up finding out more about each other, and what they like.

So, background aside. This book was completely different from the first one. I honestly thought it would have the same feel, or tone. Perhaps even the same sort of content. But it couldn't be more different. In some ways, this book was even more unique than it's predecessor. The background showed us a picture, you definitely do not read about in many fiction books these days. I can honestly say, I've never read a book set amongst a council estate and the trouble that takes place. This book like the one before it, is set in London. And the majority of it, is within an area of housing, that is like a world of it's own. The people who live there, protect their land and area fiercely. They will do whatever they have to, or need to, to survive. There is nothing that they are beyond doing, if it means they survive.

I don't live in London, but I do have areas like that near me, everyone does. So I could picture it perfectly, and I just felt it made this book stand out, the fact that it wasn't glossed over, or made into something else. We had a picture of the real visual, and it showed the extent of how bad some of the characters lives were.

Anyway, aside from the amazing background, gritty details, and dark visual.

Another stand out point, would be the awesomely dirty sex that runs through this book. AGAIN, with the fact that it's never the normal and regular kind of sex, in these books, which I love. It's brutal, dirty and sometimes not what you are expecting. But it just adds to the atmosphere, and what makes it stand out from all the other books in this genre.

Boundaries and limits are pushed, and the tension and heat is crazy. But it makes this story completely addictive. It's the first book in ages, that I read straight through with no stops.

Characters. I loved Sophie. She broke the norm. Everyone expected her to be prim and proper with daddies money, but she was incredible. Feisty, stuck up for herself, and went after what she wanted, with no shame or doubt. She had a few obstacles to get over, but she got there eventually.

Callum, I was torn between loving him, and not being quite sure. He was fiercely loyal, and dangerously sexy, but I felt sorry for him too much. He had been through some seriously bad crap in his life, and he had such low self esteem for it. And sometimes I wished he would 'Masque up'. Let his inner sex god Dom, come out to play. He did sometimes, and those scenes were epic! But other times, it was obvious that he was struggling with issues, and I wasn't sure if I wanted to hug him or jump him, or shower him with lots of soap. I know his circumstances were bad, and out of his control, and he was a complete survivor for it though. And I felt truly satisfied for the ending. It was perfection for him.

Becs/Rebecca/Raven OMG!! I LOVE her so much, she really is an epic character. I loved her in Dirty Bad Wrong and was thrilled to see her back in Dirty Bad Savage. She can do no wrong in my eyes. Hilariously funny, sexy, down to earth, and always helping out others in need, made up to perfection. I so need to see her have her own book!!

Of course, it wouldn't be perfect without the AMAZING appearance from Masque and Cat!! They were awesome as ever, and his presence on those few pages, was completely page melting. That man is sex. End of.

So quick round up, after a ridiculously long review. If you got to this point, thank you and well done, I'm not sure I would of. ;)

This book was exactly what I hoped it would be. It literally hums to it's own tune. I couldn't compare it to any other book, it's completely unique. It's also addictive, sexy, very dark at times, thrilling, and also quite sad. But it's stupidly epic! And the ending is perfect!

The writing style hooked me in straight away, just like it did in the first book. The raw and gritty world, author Jade West paints with her words, is incomparable to others in this genre. She nails this style of book with total ease. And I can't wait to see what's next in this series!

4.5 Savage Stars!

Dirty Bad Strangers Review:

Good god that was intense!!

After the crazy addictive ride that was Dirty Bad Wrong, followed by another whirlwind of all things nasty but hot with Dirty Bad Savage, I was more than ready and eager for Dirty Bad Strangers.

The synopsis was hotter than hot, and held so much mystery, and the promise of another filthy and twisted story, that you can't help but devour in one sitting.

So when seeing this bad boy show up on my kindle, I was more than excited, and pulled an intense all nighter on it. I most definitely wasn't disappointed.

This book in some respects was even better than it's predecessors. More nasty, more dirty, more twisted, and so much more hotter. But with the added incredible bonus, of one of the most awesome main characters in recent dark books, Gemma.

With her mane of fiery red hair, generous and voluptuous curves. She was gorgeous in a natural way. She is not your stereotypical protagonist in books, she is so much better. She is real, and sexy and has a great attitude and personality to boot. Gemma's kink was a bit different and bit risky, but she didn't care. She knew what she wanted, and she would have it.

Jason, her dark and mysterious caller, luckily turns out to not be a psycho with murder in mind. But everything else he has in mind is pretty nasty and twisted, and of course sinfully hot. Just like him. He also shows throughout the book, that he is far from the shallow world he has one foot in, and I loved him for it.

As with all the other Dirty Bad books, the sex scenes in this book are crazy hot. They aren't conventional and run of the mill, they are serious kink and stupidly steamy. And I think that's why I always get so excited about reading this series. You never know what you are going to get, or what you are going to read next. It's different and shows another world, a world where people are free to explore their desires, and nobody will mock them for it.

As with the other 2 books in this series, there is always a connection between them all. Club Explicit and the regulars that frequent it. There is usually 1 or more characters from the previous books that show up, which I love. This time it's the sweet and bubbly Cara, who is Raven (Bec's) girlfriend. She turns out to me a good friend to Gemma, and introduces her to Explicit, and a new family of friends. I love how they all come back at some point. Even if the hotter than hot, Masque only had a brief moment, it was still nice to see him back. ;)

I 100% recommend this book, and of course the series. Although it is a standalone, the entire series has been incredible, and definitely worth reading. If you love your books hot, but a little different and extremely exciting. This is definitely the book for you.

"I'm not going anywhere, dirty girl, the night is young."

Overall Review:

Amazingly bad, and dirty. Incredibly well written, and sexy as sin. Gripping, with real characters, and intense situations. A Must Read Box Set!!

5 Stars.
