Mental Warfare

By Ms Toni

Author Isadore Johnson went against the grain and did something completely different, separating himself from the rest in his gritty, ambitious, and thought provoking debut. "Drug Dealer" is a tapestry of two stories woven together by a common theme: drugs. To say this book has a message would be an understatement.

Tyrell Nobles, a product of the ghetto, refuses to be defined by his impoverished surroundings. Wise beyond his years with lofty aspirations, Ty understands from the beginning that drug dealing for him is a means to an end, a temporary hustle because he has bigger and better plans. Are those plans too far fetched for just another kid from the hood?

Ronomy Mitchell is a hustler by circumstance. In this game, the word longevity is not synonymous with

hustling. For most, there are two options - death or incarceration. Will Ronomy be smart and ingenious enough to avoid both?

Both men are playing a game not designed for them to win. The stakes are high. To wage a war, you must first determine your enemy. Some enemies are more cleverly disguised than others.

Don't let the title of the book fool you. This is not simply another urban book about a drug dealer. Isadore Johnson examines the harsh truths of the drug epidemic in today's ghettos and who the true drug dealers are. Many can't see the forest for the trees, but with this author's eye opening narrative, the forest is in plain sight for all to see. "Drug Dealer" read like a movie and I appreciate the author's packaging of this novel because it's creative and fitting. "New Jack City" meets "Clear and Present Danger." Character development was on point. His goal of breathing life into each character was accomplished. Hulk and Ty were gems. I particularly liked Ty's convictions and loyalty to his woman, family, and friends. Drug Dealer is a must read.

Isadore, when are the auditions?
