31 Awesome Manifesting Success Stories!

By Namaste Faustino

The reason I loved this book is because manifesting success stories regularly expand my belief in what's possible. After reading about someone else achieving something, it's so much easier to think, "I can do that too!" I just finished reading all 31 stories. I enjoyed all of them but of course I had favorites. The stories of winning over a million dollars, achieving a dream job paying over \$100k a year and the Australian dream home on the beach were my favorites. I also loved the lesson about the power of focus and how important it is to be aware of what you focus on. Finally, I enjoyed seeing my own dream board manifesting success story that was included in the book. Seeing it in print was like getting to relive it all over again. If you love manifesting and love expanding your belief in what's possible, this book will be a great addition to your manifesting library =>
