Too many alternative viewpoints or a great story?

By E. Reilly

I thought this book was beautiful, both in the dreamlike quality of the writing and rich pictures that vividly depicts the scene captured in snapshots frame don eery other page. However, granting this boy a vision and warning dream seems like stretching the alternative view that doesn't glorify Chirstopher Columbus and instead focuses on how his arrival killed off the people with diseases andenslaved them. Perhaps I have been too saturated with this type of view so that the alternatives are just as annoying as the tradition "Columbus was wonderful" stories. Perhaps just telling a more middle line truth would be more helpful. Otherwise, the book is blessed with Yolen's storytelling talent, a touching story, and beautiful illustrations.

Ms. Yolen puts the events of the encounters of ...

By Ren

Ms. Yolen puts the events of the encounters of Spaniards with the Natives of the Americas into a simple story. This story tells what some explorers were actually looking for and how we (N/S America) came to be.

Great narrative about the

By Rosario De Pasquale

Excellent way to show through this historical fiction text how things really happened during the encounter- not the discovery- between the European and the natives from the Americas.
