Introducing EXPOSE, book six in the hot and sexy new romance series, The Billionaire's Rules, by New York Times bestselling author Kelly Favor...

Twenty-one-year-old Ivy Spellman has always played by the rules – get good grades, stay out of trouble, and avoid bad boys at all costs.

But when she takes a temp assignment at a multi-billion dollar drug company, she can't help but become intrigued with the sexy and ultra-demanding CEO, Cullen Sharpe.

Cullen Sharpe is used to getting what he wants, and his dark and damaged desires are locked on Ivy. Her good girl innocent routine is enough to drive him over the edge, and after Ivy makes a mistake at work, he senses an opening to teach the shy temp the pleasures and seductions of being bad...

...as well as the punishment that goes along with it.

Soon the two of them are locked in a game of mystery, seduction, and raging desire that knows no bounds. But as Ivy is pushed beyond her sexual limits, she begins to crave more from the dark billionaire.

However, Cullen guards his secrets and his heart for reasons that run deep. And if those reasons were to ever be revealed, it just might destroy them both...

Ridiculous

By Shannon J.

I've read many of Kelly Favors "books" aka chapter installments and have quite enjoyed them but the reason I'm writing a review is because I would NEVER pay this amount of money for these. I have kindle unlimited and all of her books have always been available through there and now for some reason they are not. This is absolutely ridiculous. I will say with certainty that I will never read another of her serial chapter books especially now that they are \$2.99 for 30 pages. I was already kind of done before this because it's difficult to keep up with all these different stories without having to go back and read part of the last book and never knowing just how many installments will be in the series so maybe I could just wait until they were all out

before I started the story. I just wish I would have known they were taking these books off kindle unlimited. Very disappointed.

I like the story line once the spanking is out of ...

By Amazon Customer

I'm getting tired of authors recreating 50 Shades of Grey. Also the price does not justify the author just churning out 39 pages per book. I like the story line once the spanking is out of the way

One chapter at a time book...don't bother!

By Donna Lynn Cutrer

Don't waste your time on a book you have to purchase one chapter at a time. Very expensive read that is really not that interesting.
