Jewel M. Scott. author of "The Twinkling"

By Kindle Customer

This series is extremely good! I was so upset when I got to the last book! I was screaming, "Write faster!" to the author as the last ten pages were quickly coming my way. I will read every book that this author writes in this series, her characters are great, lovable, the movement of the book is at a high enough speed so you will not get bored with mid-novel fill in's. This author is someone to watch, Sara is going to quickly fly pass a lot of authors who once were considered the "Great One's" I want to be there to watch, but most of all to read it!

Xoe Rocks!

By Leslie R. J. Crowley

I just love the Xoe Meyers books. Even though I am in my 50's and they are aimed at teens. They are well-written, with an interesting storyline. Like teen angst isn't bad enough, poor Xoe and her friends are also dealing with being half-demons, vampires and werewolves - oh my! Ms. Roethle writes with flair and a liberal dose of humor. In spite of the "monster mash-ups", the characters are very believable. I have loved each of the books and eagerly await the next!

I enjoyed reading the Xoe Meyers series

By Amazon Customer

I enjoyed reading the Xoe Meyers series. I would love to see another book following the 5th book. I would love to know what her final decision between her vampire boy and the other demonic boy. I would love it if a 6th book was written. I had a feeling of what did she ultimately decide although the ending kind of wrapped up some loose ends, however not all. Overall great book lots of action. Great job in writing the book
