Excellent read - gain familiarity to the life of HHDL

By Karen Sze

Considering I haven't read other biographies of HHDL, this is a well written and concise look at the current and previous incarnations. There are 30 photos of the 13th and the 14th HHDL included in the book. By reading this book, I've gained a new level of understanding of a group of people who risked everything, including their lives, to maintain their survival, beliefs and culture.
