Stating that few of us have the experience of speaking directly to God, as Moses did, Christian scholars Henry and Richard Blackaby give advice on other ways to "hear" His voice. There are examples of ordinary people having a strong feeling to do something that seems crazy. Mel Foster reads with conviction and reveals that when people muster the courage to do what appears insane, it usually becomes clear that it's the right thing to do. In hushed tones, Foster encourages listeners to heed that nagging feeling. This tape is worth listening to for the Blackabys' advice on finding God's will for your life. A MUST-READ if you want to revolutionize your faith and prayer life!

By Chris McClure

This book has revolutionized my faith and life. While it reminded me of some things I already knew, it challenged me to think deeply about new principles and ideas of listening to God. I have been greatly challenged to slow down to listen and to be intentional with listening to other Christians in my life. God is speaking all the time, but we need to slow down so we can actually listen!
