# **HITLER'S WARRIORS: THE FINAL BATTLES OF HITLER'S PRIVATE BODYGUARD, 1944-45 BY CHARLES WHITING PDF**

The glory of the Leibstandarte SS Adolph Hitler was their ambition.

No mission was impossible, even if death was the price.

Of the 30,000 SS soldiers who signed up with this elite force, only thirty would survive the war.

Some perished in the abortive push on Normandy directed by the Fuehrer.

Others suffered gruesome deaths in the hands of the Russians.

But wherever they went they left a trail of terror as they butchered their way across Europe.

In a chilling day-by-day account of the final year of this crack squad, Charles Whiting chronicles their bloody demise which culminated in humiliation at the Battle of the Bulge.

Charles Whiting is the author of numerous history books on the Second World War. Under the pen name of Leo Kessler he also wrote a series of bestselling military thrillers, including 'Guns at Cassino' and 'Valley of the Assassins'.

Not quite what I expected as it basically starts at the Battle of the Bulge

By David Ecale

This is a good writeup of the destruction of the premier Waffen SS unit of WW2. I had expected a complete history, however, for its limited approach starting at the Battle of the Bulge, it does a yeoman job. I'll see if there aren't some other books that cover the earlier periods.

Excellent

By Angelman61

As a student of history I found this book to be very clear and concise in explaining this units last year of existence "battles". It would be great reading if the rest of the SS units last year of battles were explained in detail like this one was. Very good informative reading I believe all would enjoy as I did.

Well written, what men in war will do.

By Reg B.

I gave this book 4 Stars as Mr. Whiting describe the men on both sides as warriors and the brutal things warriors can do. What makes this book worth reading is. Mr. Whiting does not judge.
