### A Perfect Gift

By athena

This is a comprehensive volume of both cocktail recipes and the history behind them. It is laid out in a clear, easy to follow format, and cocktail recipes are grouped into logical sections. There are photos of the cocktails with each recipe, and other diagrams throughout the book. I bought this as a gift for the 'man who has everything', and it was very well-received. The only slight drawback is that some of the page layouts are a little retro, but I didn't feel that this detracted from the overall impact and attractiveness of Larousse Cocktails at all.

### The bible of mixed drinks

By Kat

This the authoritative source on mixed drinks. While it has lots of recipes with explanations and variations, its real value lies in teaching you the concepts behind a good mixed drink, so that you can create your own versions. Highly recommended.
