Great Commentary

By Papa

I appreciate the organization of the commentary and the different categories that the complex aspects of the explanations of the material. The "original meaning" section which gives insight into what truths the author

is making as well as bringing in the meaning of the Biblical text in the context of the truths the author is conveying. The "bridging contexts" section helps to bring the meaning of the truths conveyed to the first audience, the Jewish nation who had just been released from slavery of 400 years to the present day. The "contemporary significance" section bridges the message of the Bible to give meaning to the reader to the present time. I believe that this book may be dismissed by the readers of today because of the inability to identify with the text and all the rules, regulations and sacrifices. These requirements were to be exercised and put into practice by the nation of Israel, in looking forward to today and we are no longer under law which was fulfilled by Jesus Christ by His death on the cross as the TRUE sacrifice and was validated by His resurrection from the horrible death which He did for those who believe.

A great guide to an often overlooked book

By oe

The detailed laws of Leviticus are often passed by with the idea that they have no relevance or meaning for us today. By first helping us to better grasp the meaning of Leviticus for the original recipients of this book Gane helps us to see the relevance of this book both in what it reveals to us about God and in what it means for our daily living. If you are looking for something on Leviticus that is readable and relevant this is a great book.

Leviticus Commentary

By True Believer

This Commentary, series is well written and would be helpful to most anyone including students or ministers, and especially lay people who really want to get into the word of God with better understanding.
