Five Stars

By Edward Lee

Excellent and fast delivery

1 of 2 people found the following review helpful.

Good Teaching CD

By Gerard Freisinger

CD is a redo of this famous atlas and can be used for teaching. Am using it for teaching a course on EKG to techs and nurses.

Would like ability to make slides for better organization -does not allow this.

Also the CD does not run on my laptop with Vista so must use it on XP

Not unusual since quite a bit of software does not run on Vista.

The first order came with any empty CD case from Amazon. However, a repeat order was shipped without questions.

Otherwise, an excellent product.

Gerard Freisinger, M.D.
