I think I like this series..... Still not sure....

By Amazon Customer

I don't hinky I like this series but honestly I'm still not quite sure...

Even though Vervain from the "Godhunter" series can get on my last nerve at times I've learned to love her but not just her, her world and all the wonder ppl in it that keep me coming back for more and after reading 15-16 books in that series (bought them too) I'm too deep in to really wanna quit any way... Why do I bring that up? Well, even though Seren is rather different from Vervain in lots of ways they're also very much alike in others, like how BOTH are Key to supposedly holding More than one realm together, especially Fairy/Faerie together.... Both the while HATING racism or sexism or any other ism you can think of and despise judge mental or hypercritical ppl is very, very quick to judge others (just like V) and very often imitates the behavior she supposedly so deeply despises (just like V).... Acting more like 16 at times than 26, while I do enjoy both characters both have a quick to judge, quick to anger, immaturity that honestly gets on my very last nerve at times and I'm honestly not sure if I can handle two characters like that One might be enough for me especially when my genre is romance at the moment and despite her many, many faults and her almost seeming to have a perchance for being kidnapped Vervain and her Godhunters is a romance multiple mates and all.... But even though Tiernan stays almost glued to Seren's side, this honestly feels more being a fairy peace keeper/maker story than romance.... It's always about the story just about not the romance they're together just about 24/7 but almost about the trouble her relatives or other Fae are getting into or creating NOT Tiernan and Seren's relationship... Even when Vervain was just seeing Thor in her series they had time together just two of them and went on dates, I honestly hurt when Thor broke her heart because a very beautiful/wonderful date they had on his boat where he got her to swim w/dolphins to help her get over her fear of the water... It was just beautiful and made me love them as a couple so much, but Tiernan and Seren are almost always about the work of her life and NOTHING more they almost have a what could have been a very BEAUTIFUL and Interesting love scene with some wild roses and some vines in interesting

places love scene, but just as she relaxes and let's Tiernan have control it ends and supposedly all happens off script/camera per say and their then walking back to the castle w/out soo much as a by your leave... And I'm like WTF ,what happened ? It as like a tiny bit of foreplay and then quitting

My point ? Another annoying (yet mostly love able character) (immature, quick anger and judgement) plus little to No romance in a book that supposedly a romance ? Aaaaaaaa, I'm honestly not sure, when V is getting on my last nerve and she's being kidnapped for the umpteenth time sometimes it's her romantic relationships and her love them and vice versa that takes the sting out of it all, but here ? There isn't anything really to balance out Seren's know it all, get to judge, sometimes rash behavior, it's nothing but her running around, no sex, (not really) no romance (some flirting) not enough to balance out her mainly obnoxious behavior ;(I think maybe one of this writers h's is all I can take..

The Twilight Court Series gets better and better with each new book!

By Cutting Muse Blog Review - Laura and Makayla Redmon

The Twilight Court Series gets better and better with each new book!

Amy Sumida rocks at making sure her readers can't put their Kindle's down.

Book 2 was so awesome, action packed, romance, mystery, intrigue, and Seren learning something new about Fairies everyday, as well as us readers.

Starting book 3 now and am really looking forward to it.

Great Story

By lhmoore

As always Amy Sumida comes through. I am looking forward to the next book in this series as anxiously as I do the God Hunter Series. Amy's descriptions of places and people are so detailed that I have no trouble seeing them in my mind. Thank you Amy!
