# THE ARDEN SHAKESPEARE COMPLETE WORKS BY WILLIAM SHAKESPEARE PDF

The Complete Arden Shakespeare, published for the first time in 1998, is now available in an updated hardback edition. The Complete Arden Shakespeare contains the texts of all Shakespeare's plays, edited by leading Shakespeare scholars for the renowned Arden Shakespeare series. The updated edition includes eight newly revised playtexts as published in the Arden Third Series since 1998. A general introduction by the three General Editors of the ongoing Arden Shakespeare series gives the reader an overall view of how and why Shakespeare has become such an influential cultural icon, and how perceptions of his work have changed in the intervening four centuries. The introduction summarises the known facts about the dramatist's life, his reading and use of sources, and the nature of theatrical performance during his lifetime. Brief introductions to each play, written specially for this volume by the Arden General Editors, discuss the date and contemporary context of the play, its position within Shakespeare's *œuvre*, and its subsequent performance history. An extensive glossary explains vocabulary which may be unfamiliar to modern readers. The sound, reliable, critical edition of Shakespeare's work Updated and revised to include all of the editions currently available in the Arden Third Series Includes *The Two Noble Kinsmen*, the Poems and the Sonnets General introduction by the Arden General Editors Brief contextual introductions to each play Glossary with about 400 entries

Love the book, hate the small print

By Sandra H.

I use to have this in several books. While I love Shakespeare, this book is very large because all his writings are in the one book. For those of us with poor eyesight it may be difficult to read even with reading glasses. The print is very small.

Which does not mitigate that this is the greatest literature in the English Language

By T. Park

The provided options for rating this do not fit Shakespeare well. It's Shakespeare: of course there is violence and sex and disturbing ideas. Which does not mitigate that this is the greatest literature in the English Language. I have not yet tried the audio feature. I purchased it to check that out and haven't gotten to that yet. My main motivation was to have a digital edition of the complete works for reference and it is good for that. Hard to knock having the complete works of Shakespeare a part of my very portable library.

If you've never attempted Shakespeare you should.

This is not like grabbing a grocery store paperback. I have nothing against "mind candy" at all, but for many reasons Shakespearean plays are going to take a bit more work at first. But the payoff -- this is very rich stuff and once you've given yourself a chance to "acquire the taste" you're likely to be well rewarded by amazing thought, beauty, passion, humor and drama.

My suggestions for approaching the Bard include: 1) pick a play that has a good movie made of it and watch that movie a few times, then read the play and watch the movie again -- this will make the transition to the older forms of the language much easier, 2) for your first play or two accept that it will be something of a challenge \*at first\* -- just plan to read the first scene and possibly the first act a couple times (if you can't do #1, do this for sure, 3) don't feel like you have to "get it", just "get through the words" -- they're making more of an impression than you realize -- and after you've done #2 find a synopsis (Wikipedia works) and check that after you've read at least the first few scenes, then things will start falling into place, 4) don't fret the words you don't get, and don't keep checking the notes the first time, just keep moving through the words; you're going for the meaning of the passages at first, not the details; on your second or subsequent readings check notes and resources to help with words that make no sense still but constantly checking disrupts the flow; first time out just go with the flow.

You only have to do that for a play or two: perhaps a week's worth of evenings. Once done: you're in! After a few plays you have an "ear" for the voice of the older language.

Kindle edition review

By Amazon Junkie

An excellent version for the Kindle if you don't want to have to page through a ton of footnotes. No line numbering either, but it does have an active/linked ToC, a big plus plus for me. Frankly, in the Kindle, clicking on a footnote link mid-text is tedious. Not having annotations isn't a big deal for me because I have three hardcover versions fully annotated and illustrated. Just glad to have the Bard's works in my backpack

without impacting a disc in my spine.
