An excellent British comedy/whodunnit/mystery...

By Heath Mecham

This is one of those plays where afterwards, it gives you chills... that is, IF you understand it.

I played in this play last year as one of the lead roles, 'Moon', and learning all the little secrets within this magnificent peice was simply astounding.

Within this small script, you can find so many small stories on the side, so many things to help your character, and its really an excellent story.

After seeing it for the first time, you'll understnad the story as the plot unfolds, but you'll want to see it again... just in case.

The Real Inspector Hound is an awesome play, and I reccomend anyone to put it on!

Theatrical sleight of hand by a master.

By Lewis T. Fitch

As is frequently the case in a Stoppard play, the action is not where you think it is, and there may be several stories going on at the same time. This is open enough to be followed, and amusing in the process.
