THE RULING ELITE: A STUDY IN IMPERIALISM, GENOCIDE AND EMANCIPATION BY DEANNA SPINGOLA PDF

Lincoln's war, the North's attack on the South, took the life of 622,000 citizens and altered the government's structure. Marx and Engels watched the war from afar and applauded his efforts. The media and our government-controlled schools have presented a deceptive view of every historical event and have whitewashed the most scandalous political leaders and vilified leaders who have worked in the best interests of the people. Following Lincoln's precedent-setting war, we have been repeatedly lied into wars. Currently, our young men and women shed their blood in foreign lands while well-connected corporations make massive profits rebuilding the infrastructure that other corporations have demolished. Meanwhile, our politicians, possessing inside knowledge, grow richer through their investments and the bribes they accept from deep-pocketed lobbyists. They have not listened to their constituents for decades. CIA thugs, in behalf of the corporations, commit terrorist acts in other countries which the U.S. government and media blame on the so-called insurgents. In 2010, the Pentagon paid the following to the top five out of 100 (1) Lockheed Martin Corp. \$16,700,588,328; (2) Northrop Grumman Corp. \$11,145,533,497; (3) Boeing Co. \$10,462,626,196; (4) Raytheon Co. \$6,727,232,555; (5) Science Applications International Corp. \$5,474,482,583. Yet, throughout the country, vital infrastructure is crumbling and politicians are selling taxpayer-funded public properties to private interests as a profitable venture. The new owners exploit the public by raising service rates while diminishing the services.

At Last! Historical Truth Well Told

By Bridget G.

A quick examination of the Contents page of Deanna Spingola's excellent new book *The Ruling Elite - A Study in Imperialism, Genocide and Emancipation* will reveal that this is not your typical history tome. With chapter titles such as

"Banking Conceived in Iniquity",

"Mayer, the Merchant of Judengasse" (about Rothschild),

"The South, a Profitable Colony",

"Columbus in the Caribbean, Slavery and Slaughter",

"The Monroe Doctrine, Manifest Colonization",

"The Jackson Administration, a Den of Vipers",

"Andrew Jackson and the Rothschilds",

"Lincoln, the Great Divider",
"Lincoln, the Machiavellian Dictator",
"Financing the Bloodbath, 1861 - 1865 -
You are sure to be intrigued.

These are but a few of the over 80 (mostly short) chapters in 9 sections of a comprehensive and skillfully written volume. Deanna's vast knowledge and broad foundation of sources is apparent throughout this elegant and very readable book. Whether you're a 'layperson' or a historian with an advanced degree, this book will report countless well-documented and little-known facts.

The author draws wise conclusions based on her research and ability to recognize patterns and to determine the big picture after gathering up all of the pertinent details.

People should buy this book and read it with an open mind as your perceptions and foregone conclusions of our past will surely be challenged.

A Direct Hit in the Narrative Battle.

By Latimer - the Evil Bunny Rabbit Supremacist™

Way to go Deanna!!! Probably one of the best accounts of early American history that I've read in a while. This has got to be the kind of pill that the younger ones can take that will wake them up from their (Rockefeller steered) public fool system's induced slumber and detestation (dumbing-down via, the curriculum elimination and/or incorrectly sequencing of Trivium and Quadrivium methodology) for anything in the histories discipline. It's amazing to see what happens to them when they're given the intellectual equivalent of organic, non-GMO living truth food for the mind. What a joy! Deceptive narrative corrections are not only possible, they're required!

The style's just a little choppy for my personal preferences and may be used by some of the real *haters* of humanity to quibble, but as to clarity, essence and accuracy of the content holding a lamp exposing many of the lies, deceptions, thieving and murders of the group (conflation-based identity narrative defined) controlling the progressive (well-funded) anti-christ deception, degradation and destruction of our planet and peoples under the guise of jew (Edomite) utopian progress, it's a great contribution.

On a side note: Some of her outstanding mp3 format audio-interview files can be found by searching "Spingola Specials" and "Spingola Speaks" via RBN on the web.

I look forward to the next in the series. The Ruling Elite: The Zionist Seizure of World Power. As far as this one has gone (as far as I can tell and I'll field honest and respectful comments) it's right on the mark.

I highly recommend it.

Beyond Grade School History

By Greg Gaskill

The title of this book emphasizes the conspiratorial aspects of its content which I view as unfortunate. While valid, the real value of "The Ruling Elite" is the detailed, critical view of U.S. history. We live in a world of half truths, misrepresented history, and political agendas which this book begins to reveal. Being a resident of Tennessee I found the chapters relating to Andrew Jackson quite interesting. And as a student of modern banking and our, I would call it teetering, financial system, the roots of today's war-based capitalism are explained. Questions like why we fought a civil war that cost over 600 thousand lives when Great Britain resolved the slavery issue with a vote years earlier are clearly shown. This is a book every citizen should

read. Then, become a prepper, move to Panama, or run for Congress. Personally, I'm building a bigger shelter.
