Five Stars

By Robert L. Chase

Great - as expected

10 of 10 people found the following review helpful.

Great Book

By ASA

This book taught me how to tie flies. The photos are 100% in color, which is absolutely needed in a fly tying book. Do not buy a fly tying book in black and white! It is nearly impossible to differentiate or even see the thread from the hackle from the rib....

Each fly is tied in approx. 12-20 different steps. Randall does not leave any steps out. The book progresses from easy to difficult. Randall claims that if you can tie the patterns explained in detail, then you can tie any dry fly. I think he's right.

I went from never tying a fly in my life a year ago to tying 90%+ of my own flies. Those darn humpies still drive me nuts, although Randall describes how to ties them in great detail.

Just a warning. I saw his first edition of the book at a sporting goods store. It is in black and white. Making sure you buy the "Revised" edition.

One stop fly box filling

By A Customer

If you are a new to tying flies, are frustrated trying to see through the thumbs of another author, or you just want to be a more effective tyer, this is a must have book for you. The next best thing to learning with a pro by your side.

This book uses a series of useful patterns with detailed instructions to master all of the techniques needed to tie hundreds of patterns to meet any trout fishing need you can imagine.

With this book you'll gain the skills and confidence to fill your fly boxes with durable, useful flies.
