WORLD OF DE WOLFE PACK: HIGHLAND DAWN (KINDLE WORLDS NOVELLA) BY ANNA MARKLAND PDF

HIGHLAND DAWN...inspired by Kathryn Le Veque's The Lion of the North.

Loyalty, honor, and obligation dictate Keith Starkey's return to his Highland wife and their loveless marriage. He must leave behind a shy English lass who nursed him back to health after he was gravely wounded and left for dead at the battle of Towton.

Daughter of a murderous traitor, Aurora de la Londe is abandoned by her domineering father when he switches his allegiance to the Yorkists.

She needs a champion, but Keith cannot be that man, despite his attraction to her.

The convent offers Aurora's only escape from the desolation of a broken heart and the threat of vengeance from the Lancastrians for her father's treachery.

It seems unlikely these two mismatched souls will find the path to happiness—unless fate intervenes.

A Wonderful World of Historical Adventure and Romance.

By petula winmill

Keith Starkey is a Scottish Knight who dragged himself from the battlefield of Towton Moor. The English King his clan supported running for his life. By the time he had regained his senses, no-one was around to help him. He must struggle through the cold, wet, snow to Alnwick Castle.

The Castle is like a scene from hell with wounded men everywhere.

Aurora de la Londe is the daughter of a traitor, left in the household of the man he murdered. She knew nothing of her father's plans, but not everybody is happy to accept her presence. Rather than deal with the angry castle folk, Aurora makes herself useful looking after the wounded.

This book is easily read as a stand alone, but as it's part of the "World of de Wolfe " I take that into account in this review.

Keith's story ties in beautifully with the "World" the known characters appearing but not stealing the show. Our hero in this book is torn between duty and desire. Our heroine is trying just to keep her head down in a time when women have no power. The emotion is strong ,the love scenes touching.

The detail our author brings to her books always make me "see" exactly how life was in that period . Once you start this you wont put it down until its finished. I loved it.

Wonderful novella!

By L. Williams

I have not read much fan fiction and was delightfully surprised by this novella. There's no need to read the original story first, though it certainly adds to the enjoyment of the novella. With well-developed characters, a clever twisting plot, a great sense of setting, and a romance that leaves you longing for more, I recommend this story and look forward to reading more of this author's books!

LeVeque/Markland = Perfection

By kwinbelize

The best pairing of authors since Reese combined chocolate and peanut butter! I have read every book by both authors and to see them together in the Kindle World is total euphoria for those who love well researched and purely entertaining medieval story telling. Absolutely loved it!
